Experiment 8: Cellular System Performance Dashboard Using Figma

Aim: To create an infographic in Figma explaining the concept and key components of a Public Land Mobile Network (PLMN).

Procedure:

1. Open Figma and create a new design file.
2. Select the Frame tool and create a suitable frame.
3. Add the title “Public Land Mobile Network (PLMN)”.
4. Add icons for a mobile phone, base station, core network, and internet.
5. Use colored rectangles to represent the network components.
6. Connect the components using arrows to show data flow.
7. Add brief descriptions of each component.
8. Include PLMN ID, MCC, and MNC as key elements.
9. Apply suitable colors, fonts, and shapes to improve clarity.
10. Review and save or export the infographic.

Output:

Result: The infographic explaining the concept and key components of PLMN was successfully designed using Figma.
