Experiment 4: Key Elements of Mobile Network Protocol in Figma

Aim: To Create a visual representation in Figma highlighting the key elements of mobile network protocol stacks.

Procedure:

1. Open Figma and create a new design file.
2. Select the Frame tool and create a suitable frame.
3. Add the title “Mobile Network Protocol Stack”.
4. Create colored rectangles to represent the protocol layers.
5. Add the Application, Transport, Network, PDCP, RLC, MAC, and Physical layers.
6. Connect the layers using arrows to indicate data flow.
7. Add smartphone, base station, and mobile core network icons.
8. Apply suitable colors and annotations to improve clarity.
9. Review the design and save or export it.

Output:

Result: A visual representation of the mobile network protocol stack was created successfully using Figma.
