Experiment 14: Flowchart of GPRS Operation Using Figma

Aim: To develop a flowchart in Figma explaining the operation of General Packet Radio Service (GPRS).

Procedure:

1. Open Figma and create a new design file.
2. Create a suitable frame and add the title “GPRS Operation”.
3. Add a start block representing the mobile device.
4. Add blocks for BTS/BSS, SGSN, GGSN, and the internet.
5. Write the function of each component inside its block.
6. Connect the blocks using arrows to show packet-data flow.
7. Apply different colours and suitable network icons.
8. Review and save or export the flowchart.

Output:

Result: The flowchart explaining the operation of GPRS was successfully created using Figma.
